The following is an added note to the report to Expected Workforce Change (pp. 4-5) and Plant/Location Size (pp.10-11).

The report is based on what information the companies provided in the survey, and is a snapshot of what was happening at the time the survey was conducted and reported. At the time of the survey two businesses were in business and had not yet merged. Therefore, there may be some conflicting data based on what we know has happened. Since then, there has been a merger, but no lost square footage and a potential for workforce fluctuation from the numbers in the report.
